

Science Based Targets initiative — Target Validation Confirmation

To: GreenWave Telecom Plc · Date: 15 January 2026 · Ref: SBTi-2026-NG-4417 (fictitious)

Dear GreenWave Telecom,

We are pleased to confirm that the Science Based Targets initiative has **completed the validation of your near-term emissions reduction targets** and found them to be in conformance with the SBTi Corporate Net-Zero Standard criteria (V1.2).

Approved targets:

- GreenWave Telecom Plc commits to reduce absolute scope 1 and scope 2 GHG emissions **42% by 2030 from a 2023 base year**.
- GreenWave Telecom Plc commits to measure and annually disclose scope 3 emissions, and to set a scope 3 target within 24 months should scope 3 exceed 40% of total emissions.

Your targets will be published on the SBTi website and you may communicate this validation in accordance with our brand guidelines. Please note that this validation covers target ambition and methodology; it does not constitute an audit of your emissions inventory.

Sincerely,

Target Validation Team, Science Based Targets initiative
